PEGAPCSSA87V1

Certified Pega Senior System Architect (PCSSA) 87V1

Question: 28

A report needs to list the user ID of the manager of the operator who creates a time-off case. The report provides information from the MyCo-HR-SelfService-Work-TimeOff and Data-Admin-Operator-ID classes.

Which two options independently satisfy the business outcome? (Choose Two)
A. Configure a class join on the report definition to join operator information to each case.
B. Add the operator ID to the report definition as a parameter.
C. Use an association rule to join operator information to each case.
D. Specify both classes in the Pages & Classes tab on the report definition.

Answer: A,D

Question: 29

A travel reservation servicing case includes a service level for responding to requests. The service level intervals vary according to passenger status, class of service, and fare type.

Which implementation satisfies this requirement?
A. Create a multivariate circumstanced rule and a when rule.
B. Create a multivariate circumstanced rule, a circumstance definition, and a circumstance template.
C. Create a single property circumstanced rule and a when rule.
D. Create a single property circumstanced rule.

Answer: B

Question: 30

Which two statements about building mobile applications with Pega Platform are true? (Choose Two)
A. Pega Platform allows the same certificate set to build and distribute iOS and Android applications.
B. Pega Mobile Build Server is configured in Dev Studio by using your Android or iOS developer certificates.
C. The containing application determines the layout and appearance of SDK applications.
D. Pega Mobile Build Server requires HTTPS access.

Answer: C,D

Question: 31

University admission application cases automatically advance in the case life cycle if the applicant’s standardized test scores are above a certain threshold. The threshold is determined each year based on the provided national average score.

Which two configurations, when applied together, support this requirement? (Choose Two)
A. Configure a process with a decision shape that continues if the TestThreshold Configuration setting is less than the applicant's test score.
B. Configure a TestThreshold Configuration setting with the national average for the test score threshold.
C. Configure a TestThreshold Configuration setting that calculates the national average for the test score threshold.
D. Configure a process with a decision shape that continues if the TestThreshold Configuration setting is greater than the applicant's test score.

Answer: A,B

Question: 32

A requirement states that the Manager role cannot open a purchase request during the Audit stage.

How do you configure the case stage to satisfy this requirement?
A. Apply an Access Deny record.
B. Apply an Access When record.
C. Apply a When record.
D. Apply a Privilege record.

Answer: B

Question: 33

A data page is used to retrieve data from an external system. If an error occurs, you want to display a message to the user and send an email to the system administrator.

How do you implement this requirement?
A. Configure an activity's input source as the error message and the output as an email.
B. Configure an error handling process that displays the error message and sends an email.
C. Reuse the out-of-the-box ConnectionProblem error handling flow on the Service tab for the connector.
D. Create an error handler data transform that adds an error message to the data page and sends an email.

Answer: D

Question: 34

What is the purpose of the Policy Verification landing page when configuring a security solution in Pega Platform?
A. To test if a user has the required access to a case
B. To manually authenticate a specific user on an integrated external database
C. To test if a user's channel-specific password meets defined property requirements
D. To configure mapping of access control attributes

Answer: A

Question: 35

KILLEXAMS.COM

Killexams.com is a leading online platform specializing in high-quality certification exam preparation. Offering a robust suite of tools, including MCQs, practice tests, and advanced test engines, Killexams.com empowers candidates to excel in their certification exams. Discover the key features that make Killexams.com the go-to choice for exam success.

Exam Questions:

Killexams.com provides exam questions that are experienced in test centers. These questions are updated regularly to ensure they are up-to-date and relevant to the latest exam syllabus. By studying these questions, candidates can familiarize themselves with the content and format of the real exam.

Exam MCQs:

Killexams.com offers exam MCQs in PDF format. These questions contain a comprehensive collection of questions and answers that cover the exam topics. By using these MCQs, candidate can enhance their knowledge and improve their chances of success in the certification exam.

Practice Test:

Killexams.com provides practice test through their desktop test engine and online test engine. These practice tests simulate the real exam environment and help candidates assess their readiness for the actual exam. The practice test cover a wide range of questions and enable candidates to identify their strengths and weaknesses.

Guaranteed Success:

Killexams.com offers a success guarantee with the exam MCQs. Killexams claim that by using this materials, candidates will pass their exams on the first attempt or they will get refund for the purchase price. This guarantee provides assurance and confidence to individuals preparing for certification exam.

Updated Contents:

Killexams.com regularly updates its question bank of MCQs to ensure that they are current and reflect the latest changes in the exam syllabus. This helps candidates stay up-to-date with the exam content and increases their chances of success.
